Art Unit: 1618

Claims 21-38, 40-46, 48-54, 56, 57 and 63 are presented for examination.

The amendments and remarks filed on November 23, 2004 have been received and entered.

Claims 21-38, 40-46, 56, 57 and 63 are rejected under U.S.C. 103 as being unpatentable over Muller et al. (U.S. Patent 5,858,410) in view of Anderson et al. (U.S. patent 5,739, 152 for the reasons set forth on pages 2 and 3 of the office action of May 25, 2004.

Applicant's arguments and remarks have been carefully considered, but are not deemed to be persuasive. Applicant alleges criticality to the specific ratios of biologically active substance to phospholipids. Applicant also alleges criticality to the lack of surfactant of the claimed composition in comparison to the prior art of record. The allegations are not well taken. The determination of optimum proportions or amounts of active ingredients are considered to be within the skill of the artisan in the absence of evidence to the contrary. There is no evidence of record to demonstrate the advantages of the claimed proportions over the state of the art. Furthermore, the claims of the instant application use the word "containing" which permits the addition of other agents. Applicant has presented no evidence to establish the unexpected or unobvious nature of the claimed invention, and as such, the prior rejection sustains.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

Art Unit: 1618

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
